

# MOBILE SURVEILLANCE TOWER

Keep a watchful eye on your construction site, event, or any other location 24 hours a day.

This video surveillance system includes an HD IP camera with 360-degree pan, tilt, and zoom (PTZ) functions. View recordings or live images at any time.

This Ver-Mac system is designed to perform in all weather and lighting conditions. Whether you need temporary or long-term surveillance, Ver-Mac enhances the security of any site.

## 100% RENEWABLE ENERGY

- NO FUEL
- NO NOISE
- NO MAINTENANCE
- NO SMELL

## FEATURES & BENEFITS

### MID-AND LONG-TERM VIDEO SURVEILLANCE SOLUTION

Can operate for up to twelve months and record locally 24 hours a day, up to seven days.

### DAY AND NIGHT VISION

The durable, high-quality camera provides live footage or recorded images in all lighting conditions.

### RECORDING

Records videos locally. Users decide whether recording is continuous or scheduled.

### REMOTE ACCESS FROM ANY DEVICE

Access real-time videos from anywhere via the web, iOS, and Android app.

### AUTONOMOUS SOLUTION

Powered by solar energy and rechargeable batteries. Connected via the local cellular network, this solution is autonomous and requires no cables.

### NOTIFICATIONS

You can choose to receive a notification if an intrusion is detected on your site.

### TECHNICAL SUPPORT

A support team and Ver-Mac specialists are available to help configure your equipment.

## VIDEO SURVEILLANCE APPLICATIONS

- Construction sites
- Outdoor special events
- Parking lots
- Mining, oil, and gas operations
- Emergency services support
- Property protection

## OTHER FEATURES

### EVENT DOCUMENTATION

You can configure your surveillance tower so the camera follows detected movement on the site, recording intrusions.

### EASY TO TRANSPORT AND INSTALL

With its innovative solar panel and trailer design, the platform is easy to transport and install without taking up too much space.

#### 1 TRAILER

Rugged compact trailer made according to ISO 9001:2015 standards

#### 2 CAMERA

- Continuous 360° panoramic view with quad 4K recording
- Excellent light sensitivity (day and night)
- HDTV 1080p and ultra-precise 30x optical zoom
- 10-way AI-powered video analytics

## SPECIFICATIONS

### GENERAL SPECIFICATIONS

- Video transmission via cellular modem
- Solar panel: 740 watts/tilts up to 53°
- Batteries: 440 A/h connected to a 24-volt system
- Battery charger: 40 amps
- Mast: 20 feet
- Option to add padlocks to secure the trailer

### DIMENSIONS & WEIGHT

- Operating length: 112 in. (2847 mm)
- Operating height: 242 <sup>3/4</sup> in. (6166 mm)
- Traveling width: 74 <sup>3/16</sup> in. (1885 mm)
- Traveling height: 98 <sup>15/16</sup> in. (2513 mm)
- Traveling length: 110 in. (2796 mm)
- Weight (approx.): 1675 lb (760 kg)

### WARRANTY

- 1 year on complete unit
- 2 years on electronic components manufactured by Ver-Mac
