POWER TILT SUPPORT

POWER TILT WITH AUTO UP/DOWN FEATURE

The auto up/down feature ensures that the sign is in display position when in use and in travel position when unit is off, preventing damage and reducing wind drag. No need to press and hold the button while driving to a location.

- Display a message and the sign automatically rises to the display position
- Select "off" and sign automatically lowers to travel position
- Actuator's integrated limit switch prevents motor gear wear and tear
- Clear indicator shows if the sign is in the up or down position
- Bed floor mounting can be added (optional)
